ExistingRule:

Playing Rules C9

Players shall not stand in the way of, or have a cue in the way of, or interfere with opponent

while he/she is executing a shot. PENALTY: 5-Off

Change:

Change the word opponent and replace it with other players.

Rationale:

Many times players on adjacent courts swing their cue in front of my face while I am executing a

shot. I have even been stuck in the face with another players cue. There is no rule to stop such

action. I feel this would be a hard rule to enforce as there is no referee on the court ( as is

stepping on the line ). However knowing there is such a rule as this would help keep a player

mindful to keep their cue on their court.
