

FSA INCIDENT REPORT

The FSA Incident Report is to be used to notify the FSA and District Boards of incidents of concern, including player or official misconduct, injury or other matters, occurring in conjunction with FSA and District functions. The report may be prepared by Tournament Directors or any concerned FSA member. The form should be filled out as completely as possible and submitted to the Tournament Director, FSA or District President. The recipient shall be responsible for submitting copies to the individuals noted on the form's distribution list, including the Club President if the incident involves an injury on the club's premises.

Incidents occurring in conjunction with a District event will normally be handled by the District Board, however the FSA President may, at his or her discretion, opt to handle an incident at the state level. Incidents occurring in conjunction with a state level event will be referred to the FSA Board for action.

The form may be downloaded from the FSA website under the "[Forms](#)" heading.
